

## Syringa Capital sells holding in Lime Technologies - still committed and large owner

27.5.2024 16:30:00 CEST | Lime Technologies AB (publ) | Investor News

On 23rd of May, Syringa Capital sold 173,811 shares in Lime Technologies.

*As many people know, I have always been a great believer in the pilot school and have always invested significant resources in the companies I work for. For some years now, in addition to Lime Technologies, I have also been active at Monterro, where I have invested and am investing significant resources.*

*Recently, an opportunity arose when an existing institutional owner wanted to increase its ownership in Lime Technologies. This gave me the chance to reduce my leverage, which I chose to do. It is important to note, however, that this is only a small part of my ownership. I remain one of the largest shareholders and continue to be a committed Chairman of the company.*

*I have strong confidence in our strategy and business plan for Lime Technologies. As we have done historically, we will continue to work to deliver long-term profitable growth.*

**Erik Syrén**  
**Chariman of the Board, Lime Technologies**
