Strong ARR growth and good profitability in the third quarter

We closed the third quarter with 28% ARR growth, 18% revenue growth, and an EBITA margin of 25%. During the quarter, we welcomed over 30 new employees, a strategic investment where we continue to build for future growth. As before, the quarter is characterised by long sales processes in a challenging market, which places higher demands on us as an organisation. A match we are used to and don't mind playing!

TOUGH START BUT STRONG FINISH TO THE QUARTER

As always, the third quarter is unique, starting with summer holidays in July, which then carries over into August. August and early September proved tougher than usual during this period. However, I'm pleased with our proactive efforts to get closer to our customers. We're seeing positive signals in our customer engagement and an increasing pipeline, which paid off towards the end of the quarter.

“We closed the third quarter with 28% ARR growth, 18% sales growth and an EBITA margin of 25%”

GROWTH OPPORTUNITIES ACROSS ALL BUSINESS AREAS

We continue to make good deals in Lime CRM, both with new and existing customers. One of these is the utility company OBOS, which is also one of our very first Lime CRM customers. Through strong relationships, modernised, and value-creating solutions, OBOS continuously chooses us as a supplier, something we are happy and proud of. We also added several new customers this quarter, especially within our focus verticals of utility, real estate, wholesale, consulting, and membership organisations. A highlight

is our largest deal yet in the Finnish market with Masino Group, which I hope will create a ripple effect.

We are focusing on accelerating Lime CRM, particularly within Expert Services. There are no shortcuts; the solution involves working closely with our customers and focusing on creating value for them by solving their challenges. We know that the right behaviors lead to success over time. We have a good starting position and are continuing with a high recruitment pace to create better growth for 2025.

Our positive development in Lime Go continues. Our focus on attracting larger companies is paying off, and throughout the year, the value of our average deal has increased. We are also strengthening Lime Go with several key recruitments in sales and product development.

In Lime Connect, we see a continued positive trend, where we released the first version of our mobile app during the quarter. The app has been one of our most requested features and has great potential for upselling and new business. Our webinars are also taking significant steps forward with a steady stream of leads for both new and upselling.

In Sportadmin, the business is term-based, with many deals happening at the end of each term. A strong start to each term is crucial for sales success in the upcoming period. I am pleased with how we've handled the start of autumn, with strong activity levels and pipeline building that bodes well for the end of the year. Already in Q3, we see a good number of new organisations, including Swedish Elite Swimming, whose goal is to develop the sport of swimming. At the same time, the evaluation of Sportadmin's internationalisation continues, where we are actively exploring different markets.

WE CONTINUE TO BUILD FOR FUTURE GROWTH

We are continuing the path we've set, focusing on long-term profitable growth. We do this by investing in sales, marketing activities, product development, and recruitment to build a world-class international software company. We know that the market is tough and demanding, but we have played this game successfully for over 20 years. With a strong position, we are well-prepared to continue gaining market share, regardless of market conditions or the economic climate.

SHARE SAVING PROGRAMME

On 26 April 2023, the Annual General Meeting decided to launch an additional share savings programme, LTIP 2023. All Lime employees on 1 May 2023 were invited to participate. The programme requires participants to acquire shares in the Company at market price on Nasdaq Stockholm during the period from 1 June 2023 to 31 May 2024. A corresponding programme was launched in 2022, called LTIP 2022, where shares were acquired during the period from 1 June 2022 to 31 May 2023.

Provided that participants retain the shares for three years, a period which ends on 31 May 2025 for LTIP 2022 and 31 May 2026 for LTIP 2023, that the participant remains an employee during the entire period, and that Lime fulfils the performance criteria, each share will entitle the participant to two or three shares, depending on the role, against payment of the quota value of the share. The performance criteria is set by the Board of Directors and is in line with Lime's financial objectives.

The fair value of the incentive shares is set at the value at the time of subscription. As this is a share-based consideration settled with equity instruments, there is no revalua-

tion of the fair value of the incentive shares.

Lime estimates how many of the employees participating in the programmes will remain in employment throughout the 3-year period, until 31 May 2025 for LTIP 2022 and 31 May 2026 for LTIP 2023.

SHARE WARRANTS

At the Annual General Meetings held on April 26, 2022, and April 26, 2023, respectively, decisions were made to issue a total of 68,160 share options each, free of charge, to the wholly-owned subsidiary Hysminai AB. The share options are to be used to secure Lime's commitments under the share savings programs, LTIP 2022 and LTIP 2023 respectively.

LIME TECHNOLOGIES AB'S SHARE

Lime Technologies AB (publ.) is listed on Nasdaq Stockholm OMX Mid Cap, the Technology sector.

Total number of shares issued was 13,283,481 at the end of the period. The company does not own any of its own shares.

FINANCIAL GOALS

Lime's goal is to achieve annual net sales growth exceeding 18 percent, in the medium long term. Lime further aims to achieve an annual EBITA margin in excess of 25 percent in the medium long term. The objective of the capital structure is that net liabilities, excluding leasing debt, relative to EBITDA shall be less than 2.5. Lime intends to distribute at least 50 percent of the Company's annual net income, after consideration has been given to the Company's indebtedness and future growth opportunities, including acquisitions.

ANNUAL GENERAL MEETING 2024

At the annual general meeting on April 25, 2024, it was decided to re-elect board members Erik Syrén, Johanna Fagerstedt, Marlene Forsell, Lars Stugemo, and Emil Hjalmarsson until the end of the 2025 annual meeting. Erik Syrén was re-elected as the chairman of the board for the same period.

Other decisions from the meeting included:

- A dividend of 3.50 SEK per share, totaling 46,492 MSEK, to be paid in two installments of 1.75 SEK each. The record date for the first dividend payment was April 29, 2024, with the payment made on May 3, 2024. The record date for the second payment is November 1, 2024.
- The board was authorized to decide on the issuance of shares for cash payment at one or more occasions until the next annual meeting in 2025, with provisions for contribution in kind or set-off or otherwise under terms that may deviate from the shareholders' preemptive rights. The authorization is limited to a maximum of 10% of the total number of shares in the company at the time of the authorization decision.

OTHER EVENTS DURING THE REPORTING PERIOD

- CFO Maria Wester is leaving Lime Technologies AB and has been replaced by Anders Hofvander, who assumed his new position in the fall of 2024 and simultaneously joined Lime's Group Management.

LIME IN BRIEF

Comprehensive SaaS supplier of customer care solutions

Lime has more than 30 years' experience of CRM (Customer Relationship Management) and provides a full service from development to support. The Company is the only supplier with a clear and transparent strategy of working locally through a direct channel, and makes hundreds of implementations very year.

Our business model is based on offering subscription contracts (Software as a Service or "SaaS"), as well as consultancy services (Expert Services) for implementing and continuously adapting the products in line with customer-specific needs and requirements. With a strong product portfolio under constant development, Lime creates effective solutions for small, medium-sized and large organisations, in addition to well-established industry solutions within the Company's industry verticals.

The Head Office is in Lund, and in September 2024, the Group had 490 employees at ten offices in Sweden, Norway, Denmark, Finland, the Netherlands, Poland and Germany.

Lime's why statement

At Lime, we go all-in to create a world where every customer experience exceeds expectations, making customers' lives easier through spot-on software and on-point expertise

STRATEGIES

Underlying market growth

Lime is one of the leading CRM suppliers in the Nordic Region, and we are getting closer to our target of the rest of Europe, which offers a growing market with low CRM penetration.

internationalisation

Lime has a long history of excellent results in Sweden, and has held a market-leading position since 2015. Over the past ten years, we have moved closer to Norway, Denmark and Finland, where we are now seeing positive effects in terms of revenue. During the pandemic, we also established ourselves in the Netherlands and Germany, which will lay the foundation for future growth as the Nordic markets become more mature.

Upgrades and increased sales to our existing customer base

Lime has a large existing customer base with a great potential for upsell to broaden the use of services and solutions. Through an expanded focus on upgrades to more modern SaaS solutions, as well as moves from up-front payments to subscription services, we intend to increase both customer satisfaction and recurring revenue.

Continued development of the product platforms

Lime's platforms are under constant development with the aim of strengthening competitiveness and meeting changed market needs. In addition to developing value-generating additional services ourselves, we continuously evaluate the acquisition of product companies that could strengthen our offering to new and existing customers.

Focus on selected industries

We focus on tailored CRM solutions for four selected industries with the goal of becoming the market leader: utility, real estate, wholesale and consultancy firms. For these industries, Lime offers local industryspecific expertise and pre-packaged solutions, saving both time and money. This focus is particularly important in markets outside Sweden as it gives us better opportunities to build brand awareness and a network of satisfied customers in popular segments.

Selective acquisitions

We continuously evaluate strategic acquisitions so as to strengthen the product offering, increase the Company's expertise and resources, grow geographically and broaden the customer base.

Notes

1. ACCOUNTING PRINCIPLES

Lime prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS). The interim report has been prepared in accordance with IAS 34 Interim Financial Reporting. New accounting principles that came into effect on 1 January 2023 have not had any significant impact on the Group's reporting as of 31 March 2024. The Group applies, apart from the below, the same accounting principles as in the Annual Report as at 31 December 2023.

Share Saving Programme

The Group has a share-related compensation plan where the company receives services from employees as payment for the Group's equity instruments. Information on these plans is available on page 9. The programme is classified as an equity-regulated programme. The fair value of the service that entitles employees to allocation of shares through the programme is reported as a personnel expense with a corresponding increase in equity.

The total amount to be expensed is based on the fair value of the shares that are allocated:

- including all market-related conditions
- excluding any impact from service conditions and non-market-related conditions for earnings (e.g. profitability, targets for sales growth and that the employee remains in the company's service for a specified period),
- including the impact of conditions that do not constitute earning conditions (e.g. requirement that employees should save or retain shares for a specified period).

The total cost is reported over the earning period; the period over which all the specified earning conditions must be met. At the end of each reporting period, the Group reviews its estimates of how many shares are expected to be earned based on the non-market-related earning conditions and service conditions. Any deviation from the original estimates to which the review gives rise is reported in the income statement and corresponding adjustments are made in equity.

The social security expenses arising on the allocation of shares are regarded as an integral part of the allocation, and the expense is treated as share-related remuneration settled in cash.

Other principles and applications

The Group applies the same accounting principles and valuation methods as in the latest annual report. The Parent Company prepares its financial statements according to RFR 2, Accounting for Legal Entities, as well as the Swedish Annual Reports Act, and applies the same accounting principles and valuation methods as in the most recent annual report.

Lime applies ESMA's guidelines for alternative performance measures (measurements not defined by IFRS). For definitions, see pages 22-24.

Critical accounting estimates and judgements

Intangible assets that have an indefinite useful life or intangible assets that are not ready for use are not subject to depreciation but are tested annually for any impairment loss. The impairment test carried out at year-end showed that there was no impairment loss.

Capitalised development work by own employees

Operating expenses relating to the development of own software have been reduced by MSEK 8.4 (6,1) during the second quarter 2024.

2. RISKS AND UNCERTAINTIES

The Lime Group is, through its operations, exposed to common business and financial risks. These risks are described in detail in the 2023 annual report.

3. CURRENCY TRANSLATIONS

Assets and liabilities in foreign exchange are translated at the closing rate on the date of the balance sheet. Transaction differences related to translation of operational assets and liabilities are recognised as Other revenue or Other expenses.

Transaction differences relating to other balance sheet items in foreign currency, such as cash and cash equivalent, are recognised under Financial net. Net sales and operating expenses are also impacted by transaction differences in foreign exchange. These transaction differences are recognised under respective revenue and expense item.

Net sales for the quarter consists of 69% SEK, 19% EUR and 11% other currencies. Operating expenses are made up of 77% SEK, 17% EUR, 6% other currencies.

4. ACQUISITION

SportAdmin

On January 9, 2024, an agreement was signed to acquire the shares of SportAdmin in Scandinavia AB. The initial part of the acquisition concerned 85% of the shares and voting rights and was completed on January 9, 2024. The purchase price amounted to SEK 149 million for 85% of the shares. The preliminary acquisition analysis presented in the 2023 annual report (note 25 Business Acquisitions) has been adjusted during the period in accordance with IFRS 3 paragraph 45 to reflect new information about the facts and circumstances that existed at the time of acquisition. The adjusted acquisition analysis primarily resulted in an increase in goodwill of SEK 10.7 million

to SEK 107.5 million (96.8), the brand (with an indeterminate useful life) has increased by SEK 1.4 million to SEK 21.8 million (20.4), customer relationships have increased by SEK 16.0 million to SEK 41.7 million (25.7), and software has decreased by SEK 33.8 million to SEK 38.2 million (72.0). Deferred tax liabilities have decreased by SEK 5.3 million to SEK 18.8 million (24.3).

Amortizations of intangible assets have increased by SEK

2.5 million, and the period's result has increased by SEK 1.2 million. Comparative information presented in the interim report has not been affected.

The table below summarizes the fair value of the acquired assets and assumed liabilities recorded on the acquisition date of January 9, 2024, according to the preliminary acquisition analysis, and the final (adjusted) acquisition analysis as of September 30, 2024:

Assets and Liabilities Recognized as a Result of the Acquisition (MSEK)	Preliminary Acquisition Analysis 2024-01-09	Final (adjusted)* Acquisition analysis 2024-09-30
Goodwill	96.8	108.3
Trademark	20.4	21.8
Customer relations	25.7	41.7
Software	72.0	38.2
Deferred tax liabilities	-24.3	-18.8
Tangible non-current assets	0.9	4.7
Trade receivables and other receivables	7.5	7.6
Cash and cash equivalent	14.7	14.7
Trade payables and other payables	-22.7	-35.9
Total Identified Net Assets	191.0	182.2
Acquired Net Assets	191.0	182.2

* The preliminary acquisition analysis has been adjusted in accordance with IFRS 3 paragraph 45. The adjustments, as a result of extended and in-depth analysis, mainly concern the calculation of the fair values of intangible assets and the reclassification of items, and have had an impact on the results, including deferred tax, of SEK 12 million during the period.

5. TRANSACTIONS WITH RELATED PARTIES

On January 9, 2024, 85% of the shares in SportAdmin Scandinavia AB were acquired. Erik Syrén, the chairman of Lime Technologies AB, who through a company owned 9% of the shares in SportAdmin, sold his entire stake to Lime. Erik Syrén was not involved in the evaluation of or deci-

sion about the acquisition. The transaction was conducted under market terms.

6. TAXES

Tax expenses in the third quarter of 2024 amounted to 5.8 MSEK (4.4). The tax expense was calculated based on the current tax situation in the Group and the earnings development in the Group's entities.

Key ratios

The Group's key ratios are presented below. Some of these are defined in accordance with IFRS. Alternative performance measures (APM) have been identified that are believed to enhance investors' and Group management's evaluation of the company's performance as well as relevant trends. The APMs presented in this report may differ from similarly titled measures used by other companies. The APMs should therefore be seen as a supplement to the key ratios defined by IFRS.

ANNUAL RECURRING REVENUE

The recurring revenue, in the last month of the quarter, recalculated to a 12-month period. The measure indicates the value of recurring revenue during the coming 12 months based on revenue from existing customers at the end of the period. The measure is also important for industry comparisons.

TSEK	2024 Jul-Sep	2023 Jul-Sep
Recurring revenue (quarter)	111,564	88,384
ARR	452,454	355,992

NUMBER OF SHARES OUTSTANDING

The number of registered shares less any repurchased shares at the balance sheet date. The measure is mainly used for calculation of key ratios; see below. The Group did not own any of its own shares during any of the reporting periods.

EBITA

Operating income before depreciation of acquired intangible non-current assets. The purpose is to assess the Group's operational activities. EBITA is a supplement to operating income as it is an indication of cash flow from operations.

Auditor's review report

Lime Technologies AB (publ), 556953-2616

Introduction

We have reviewed the condensed interim financial information (interim report) of Lime Technologies AB (publ) as of 30 September 2024 and the nine-month period then ended. The board of directors and the CEO are responsible for the preparation and presentation of the interim financial information in accordance with IAS 34 and the Swedish Annual Accounts Act. Our responsibility is to express a conclusion on this interim report based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements ISRE 2410, Review of Interim Report Performed by the Independent Auditor of the Entity. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, ISA, and other generally accepted auditing standards in Sweden. The procedures performed in a review do not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim report is not prepared, in all material respects, in accordance with IAS 34 and the Swedish Annual Accounts Act, regarding the Group, and with the Swedish Annual Accounts Act, regarding the Parent Company.
