

## Flower Signs Battery Flexibility Agreement with Global Energy Group

17.6.2026 12:00:00 CEST | Flower Infrastructure Technologies MidCo AB (publ) | Inside information

Energy tech company Flower has signed a seven-year tolling agreement covering 126 MW of battery energy storage system (BESS) capacity across Germany, including Hamburg's largest BESS asset (100 MW / 400 MWh), developed by Flower.

Under the agreement, commencing January 1, 2029, the counterparty gains long-term access to BESS capacity from Flower's portfolio, supporting the financing, deployment, and commercialization of large-scale storage assets across Germany.

### About Flower Infrastructure Technologies MidCo AB (publ)

Flower Infrastructure Technologies MidCo AB (publ) is a wholly owned subsidiary of Flower Infrastructure Technologies AB ("Flower"). Flower is the Nordic market leader in energy asset optimization and trading. Through its AI-powered platform, the company trades, optimizes and commercializes flexible energy assets including battery energy storage systems (BESS), wind and solar parks, and EV charging infrastructure. With more than 140 employees, over €150 million in financial backing, and the Nordics' largest portfolio of flexible assets under management, Flower is expanding across Europe to support a more stable, resilient, and renewable energy system.
