Flower Infrastructure Technologies Midco AB (publ) Commissions 20 MW BESS in Sweden

12.11.2026 12:41:55 CET | Flower Infrastructure Technologies MidCo AB (publ) | Company Announcement

Flower Infrastructure Technologies Midco AB (publ) ("Flower") has commenced commercial operation of its internally developed and fully owned BESS asset in Södertälje, Sweden.

The 20 MW / 40 MWh asset "Södertälje" is now operational and actively trading on energy markets, with prequalification approvals pending for participation in ancillary service markets.

The asset has initially commenced commercial operation at reduced capacity, with 8 MW of its total 20 MW capacity currently available for trading. The remaining capacity is expected to become operational later in 2026.

The BESS asset becomes a significant contribution to Flower's portfolio. Once fully operational, it will bring Flower's capacity of fully owned, operational BESS assets in Sweden to approximately 87 MW.
